

Zeeshan Nawaz

Web & Mobile Application Developer

Alipur Chatha, Gujranwala, Pakistan | +92 305-6257264 | zeeshancheema1200@gmail.com | linkedin.com/in/zeeshan-nawaz-f0842

PROFESSIONAL SUMMARY

Web and Mobile Application Developer with 1+ year of professional experience building responsive web applications and cross-platform mobile apps using React.js, Next.js, React Native, TypeScript, JavaScript, and REST APIs. Experienced in API integration, authentication flows, reusable UI components, Firebase, Supabase, AsyncStorage, Redux Toolkit, RTK Query, TanStack Query, and performance-focused frontend development.

TECHNICAL SKILLS

Frontend:	React.js, Next.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS
Mobile:	React Native, Expo, Android, iOS, AsyncStorage, mobile UI implementation
Backend/API:	Node.js, REST APIs, authentication systems, API integration
Database:	Firebase, Supabase
State/Data:	Redux Toolkit, RTK Query, TanStack Query, Redux
Tools/Platforms:	Git, Sentry, Microsoft Clarity, PostHog

PROFESSIONAL EXPERIENCE

DevSoul - Frontend Developer

Gujranwala, Pakistan | Jan 2025 - Present

- Built and maintained web applications using Next.js, React.js, TypeScript, and Tailwind CSS with a focus on responsive UI, clean component structure, and maintainable frontend architecture.
- Integrated REST APIs and authentication flows to support secure user interactions and reliable data exchange between frontend and backend services.
- Developed Expo-based mobile application features, connecting screens with backend APIs and improving cross-platform consistency.

DevSoul - React Native Mobile Apps Developer

Gujranwala, Pakistan | Dec 2024

- Developed cross-platform mobile app features using React Native for Android and iOS, focusing on responsive layouts, navigation flows, and API-driven screens.
- Integrated API-driven screens and managed application state to support real-time data updates and user-friendly mobile experiences.

DevSoul - React Native Intern

Gujranwala, Pakistan | Sep 2024 - Dec 2024

- Contributed to a secure banking mobile application using React Native, focusing on payment-related flows, UI implementation, and real-time data synchronization.
- Assisted with API integration, mobile screen testing, and frontend issue resolution during development.

PROJECTS

MedFlow AI - AI Patient Report Application

Technologies: Next.js, Supabase, TanStack Query, AI-assisted reporting

- Built an AI-supported doctor workflow that listens to doctor-patient communication, records the conversation, and generates structured patient reports from the recorded chat.

FI-Procept - Consultant Client Management App

Technologies: Next.js, wizard forms, client data management, responsive UI

- Developed a consultant-facing Next.js application for managing client data, including multi-step wizard forms to collect, organize, and review client information efficiently.

Dex Remit - Web & Mobile Payment Application | Jan 2026 - Present

Technologies: React Native, Expo, Next.js, REST APIs, Sentry, Microsoft Clarity

- Developed features for a cross-platform online payment application, integrated payment gateway API logic, and added monitoring/analytics tools to support error tracking and user behavior analysis.

Orderee POS - Food Delivery Mobile Application | Jun 2025 - Feb 2026

Technologies: React Native, REST APIs, state management, mobile UI

- Built API-driven mobile screens for food delivery and POS workflows, supporting real-time data exchange, intuitive navigation, and responsive mobile layouts.

BGram - Social Media Web Application | Jan 2024 - May 2024

Technologies: React.js, JavaScript, frontend UI, search functionality

- Developed the frontend of a student social media platform with user search, customizable profiles, and responsive UI components for improved networking and discovery.

Crowd Care Aids - Donation Mobile Application | Oct 2024 - Dec 2024

Technologies: React Native, REST APIs, campaign management

- Led mobile UI development for donation campaign creation and viewing flows, focusing on simple navigation, clarity, and community engagement.

EDUCATION

University of the Punjab - Bachelor of Computer Science

Sep 2020 - May 2024 | CGPA: 3.22

CERTIFICATIONS & LANGUAGES

React.js Course - Coursera | May 2023 | React.js Summer Internship - Young Dev | Aug 2023 | Languages: English (Fluent), Urdu (Native)
